NOTES.

File No. 95-09.

FILE HEADING

Water-supply to Arcot town

From

The Chief Engineer of Ryots

No 4731 Dated 25-5-1910 Received 26-5-1910.

Diary No. 8570	Enclos 4.	Spare Copies	Serial No 4

BRIEF ABSTRACT OF LETTER.

Submits correspondence connected with the revised estimate sanctioned for Rs 8 562/- for improving the water-supply to the town of Arcot and requests that an allotment of Rs 2134/- required for expenditure during the current year be transferred from the Remarks to the P.W.D. Budget.

NOTES AND ORDERS

Y. 0

In G.O No 6138-44/Rev 82-08 31-12-08 an estimate for Rs 6,598/- for sinking a trial well in the valley at Arcot was sanctioned. The Chief Engineer now forwards a revised estimate for Rs 8,562/- for the said work.

2. The revised estimate has been sanctioned by the Dewan. The Chief Engr requests that needful orders be issued from the Munpl Dept for the allotment of the additional funds required for the work and that a sum of Rs 2131/- required for expenditure during the current year may be transferred from the Municipal funds of Arsikere to the P.W.D budget.

3. Attention is invited to the notes in Munpl File 182-08, Sls 15 to 26 in connection with the above work. It will be seen therefrom that 2 wells have been sunk at Arsikere, the one near the cart-stand at a cost of Rs 4027/ and the other, which forms the subject of this reference, in the valley near the town, the original estimated cost of the latter being Rs 6,598/- In Gos Nos 12982-4/Rev 182 dd 8/24-6 09, the cost of the two wells viz Rs 10625/- was ordered to be debited to the funds of the Arsikere Municipality, the D F Genl and the Hassan District Board contributing Rs 2785/- and Rs 3920/- respectively.

4 The revised estimate for the 2nd well now received from the Ch Engr is in excess of the original estimate by Rs 1966 and there is no provision in the current

Jud File No 95 of 1909

Serial No

budget of the Arsikere Municipality from which the additional cost can be met. It is not also known how much money has been spent on the work and what portion of it has been completed

5. The finances of the Arsikere Municipality are not in a satisfactory condition as may be seen from the figures given below :—

1909-10	Opening balance	Rs 892/-
	Receipts	4,315/-
	Total	5,207
	Expenditure	5044
	Closing balance	163 which

is far below the prescribed minimum working balance But as a sum of Rs 3920/- has been ordered to be transferred from the District Funds to the funds of the Arsikere Municipality (Vide G.O. No. 9012-4/Jud 95-0988 & 10) the opening balance in favor of the Municipality has risen to Rs 4,083/- and this can well afford to meet the amount now required The required amount will, if it has to be met from Municipal funds, have to be sanctioned as an additional grant to the current year's budget of the Arsikere Municipality.

Not part of as the Collector has sent part of with another refer

6. It is however a question for consideration whether which

consideration of the District Board, which has already borne a moiety of the cost of the 2 works, should not be asked to also bear a moiety of the additional charge on account of the works. As regards the financial condition of the Board reference may be made to page 29 of index in 2nd file No 102-8 (Maps 7)

Submitted for orders. As the revised estimate has been sanctioned in the P.W.D 12/6/08, the additional amount now required will have to be sanctioned as a supplemental grant. The file relating to the well sunk near the east shand at Arakere is linked to this.

9/12 16/10.

Since then, it has been ascertained from the Chief Engineer's office that out of the original estimate of Rs 6,598 a sum of Rs 6,433 was worked out and adjusted during the year 1908-09 and the difference between the revised estimate of 8,564 and the amount of Rs 6,433 already adjusted, which is Rs 2,131, was required for expenditure during the last year. If the work has been completed and paid for by the P.W.D., the amount asked for will have to be transferred to the P.W.D

It is submitted that as in the case of the original estimates the amount by which the revised estimate is in excess of the original, i.e. Rs 1966 will first have to

Note—Contin sheet

Serial No

be first met from the funds of the Arsikere Municipality, any amount the District Board may contribute towards the additional cost now required, being credited later on to the funds of the Arsikere Municipality as was done on the first occasion (Vide G.O. No 12982-4/Jnl 182-08 & 24-6-1909.)

As the last official year has closed and as there is no provision in the current year's budget estimates of the Arsikere Municipality from which the additional amount now required can be met, the required amount will have to be provided in this office before the budget is finally passed or else an additional grant will have to be sanctioned later on in the year.

A draft enquiring whether the Hassan District Board can contribute any portion of the additional amount of Rs 1,966/- on account of this revised estimate, is submitted for approval or other orders

The year 1909-10 for which the additional allotment was required having already [illegible] the Comptroller may be requested to admit the additional expenditure already incurred and the [illegible]
